

## Online Marketing Tactical Schedule

Tactic	Detail	Schedule											
		Jun	Jul	Aug	Sept	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May
Search Engine Optimisation	Search engine optimisation should be done for your updated website and will need to be revisited in approx 6 months.												
Search Engine Marketing	Search engine marketing should be an ongoing tactic used so people can find <website> for key searches.												
Email Direct Marketing	It is recommended that email direct marketing is used for a relaunch in June with a means of achieving database growth. This tactic should then be used frequently as a means of attracting new visitors.												
Linking Campaigns	The linking campaigns should be done as part of your SEO activity and will require an initial burst and a revisit in approx 6 months.												
Opt in Email (newsletter)	Weekly newsletter to subscribers. This can start once the database has been added to (and cleansed).												
Special offers email	This will be used as required (defind by advertising spend).												
Online advertising	It is recommended online advertising is used in the first instance to achieving branding and awareness.												
Affiliate Marketing	Affiliate marketing can be used to increase your database in the early stage of the campaign.												

These timings have allowed a start date in June for your online marketing. This will provide some time to update your website and provide additional functionality.
